

This is to certify that  
**Ostara Systems**

Ash House, Breckland, Linford Wood, Milton Keynes, MK14 6ET, United Kingdom

Has been assessed  
by Matthew McConnell for IT Governance Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing infrastructure for Ostara to include firewalls, switches, end user devices and hosted systems in the UK

Certification date: April 7th, 2020

Recommended re-assessment date: **April 6th, 2021**

Certificate no.: 1976007896126690

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
